

TeliGlobe™ Mobile Softphone

Hosted White Label Solutions for VoIP Service Providers

Help your Business Grow with Mobile VoIP

TeliGlobe™ is an easy-to-use mobile softphone application for both iOS and Android devices. This cloud-based mobile softphone can be downloaded for free by your end users from both the Apple App Store and Google Play. TeliGlobe enables you to easily provide a mobile option for any VoIP service that you offer using Telinta's hosted solutions.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Mobile VoIP, all under your own brand.
