

# Cirrus Assessment and Proctorio Announce Strategic Partnership

## Integration with Proctorio's remote proctoring solution

**Utrecht, The Netherlands - 16 March 2020** - Cirrus Assessment is delighted to announce the signing of a strategic partnership with the remote proctoring company Proctorio, a market leader in fully automated AI remote proctoring solutions – by adding Proctorio's proctoring capabilities to the Cirrus platform. This allows our customers to deliver secure exams from any location in the world at an affordable price.

Proctorio offers a market-leading suite for securing exam delivery anytime, anywhere. Organisations can take exam delivery to a new level by enabling the use of technology, augmented by AI, offering full flexibility to candidates. This eliminates the need to travel to test centers as candidates will now be able to take exams from the comfort of their own home. The solution offers the highest level of security and is fully compliant to GDPR and ISO27001.

The partnership offers our customers best-in-class solutions for exam creation and exam delivery.

***Puniša Zdravković, Proctorio's EMEA Head of Sales, said: "By making Proctorio's services available through Cirrus, we are offering instructors and test takers a reliable solution which ensures that assessments are reliable and fair. This coincides with our both our organisation's missions; to level the playing field and ensure all students have the same opportunity for success."***

***Vegard Siverten, CEO of Cirrus Assessment says about the partnership: "At Cirrus it's always been about providing technology to make life easier and more efficient for our users. We are therefore extremely excited to be working with a highly regarded organization such as Proctorio, matching our ambitions and drive to improve educational and professional testing"***

## About Proctorio

Proctorio's Learning Integrity Platform is a live & fully automated, remote proctoring service that provides a scalable, cost-effective solution to validating test-taker identities, activity, and originality during online exams. Proctorio ensures the integrity of distance learning and online certifications while protecting institutional accreditation, increasing the value of online degrees & credentials, and helping institutions grow their programs.

Proctorio's customizable, secure exam settings, recording options and live identity verification allow institutions to set-up unscheduled, on-demand proctoring specific to their assessment needs. Proctorio ensures fairness for test-takers by increasing accountability, securing exam content, deterring cheating, and promoting a culture of integrity while improving learning outcomes.

Learn more about Proctorio's learning integrity platform by visiting us at [proctorio.com](https://proctorio.com) or find us on [Twitter](#), [LinkedIn](#) or [Facebook](#).

## **About Cirrus Assessment**

Cirrus Assessment is an international provider of cloud-based e-Assessment solutions and was recently recognized at the International e-Assessment Awards in London, collecting the award for “Best Use of Summative Assessment.” We are passionate about education and its ability to empower people across the globe. Harnessing the power of the cloud, the Cirrus Platform supports educators and learners throughout the entire assessment process. It has been designed with ease of use in mind and has intuitive interfaces, common sense workflows and easy navigation.

Our users have the freedom to focus on creating the best possible assessments for their learners. As the Cirrus Platform is cloud-based, our customers always have the latest version of the system available to them. Regular updates and new features are seamlessly delivered directly to users. No more weighty user manuals or waiting around for software updates. Just simple, straightforward assessment solutions!
