Additionally, Williams is also inviting Louisianans and the country to join The National COVID-19 Fast, a spiritual quest involving a 19 hour-per-day fast for 19 days, beginning March 31<sup>st</sup> at 6:00 pm CST and ending April 19<sup>th</sup> at 1:00 pm CST.

**Body: (March 2020) Baton Rouge, LA** – On Wednesday, Dartanyon A. Williams (D-LA) announced he will challenge incumbent Bill Cassidy (R-LA) for the Senate seat in Louisiana. A formal announcement is being planned to take place at an upcoming campaign rally in the next few weeks, and more details will be announced shortly. Williams’ CrUSAde had originally planned to announce his Senate run in early-May, however, chose to move the date up given the way Mr. Williams classifies the “mishandling” of the COVID-19 response by government leaders.

“I decided that the great people of Louisiana and these United States deserve more from their elected officials than what is being represented of US by Senator Cassidy and members of the GOP”, says Williams. “As a Louisiana citizen and man of faith, it is with a great pride and a heart of humility that I announce my candidacy for US Senate”.

As a response to the COVID-19 pandemic impacting the United States and this globe, Williams is also announcing The National COVID-19 Fast, a spiritual quest involving a 19 hour-per-day fast for 19 days, beginning March 31<sup>st</sup> at 6:00 pm CST and ending April 19<sup>th</sup> at 1:00 pm CST.

“#IsolationInUnity is a call for physical separation in a safe-haven for the duration of this 19-Day fast”, says Williams. “It is the voluntary self-quarantine of self-sacrifice and speaks to our being absent from one another in body but present and united with each other in spirit to join the Heavenly hosts in defending ‘US’ against and defeating the COVID-19 attack.”

Williams’ CrUSAde-campaign is rooted in three critical attributes: character, courage and conviction. As the nation continues to face the COVID-19 pandemic, Williams says “There’s just simply no way that the most powerful nation in the world was ever supposed to be caught off-guard and left scrambling in search of medical remedies, economic resolutions and societal relief while less capable, even third world countries, watch America’s leadership make a mess of American lives, the country’s economy, and leave many of ‘US’ in a state of despair and/or disrepair. And desperate times and devastating circumstances call for a determined detour, a change from the status quo.”
