

10,000 Free Masks

OVERVIEW

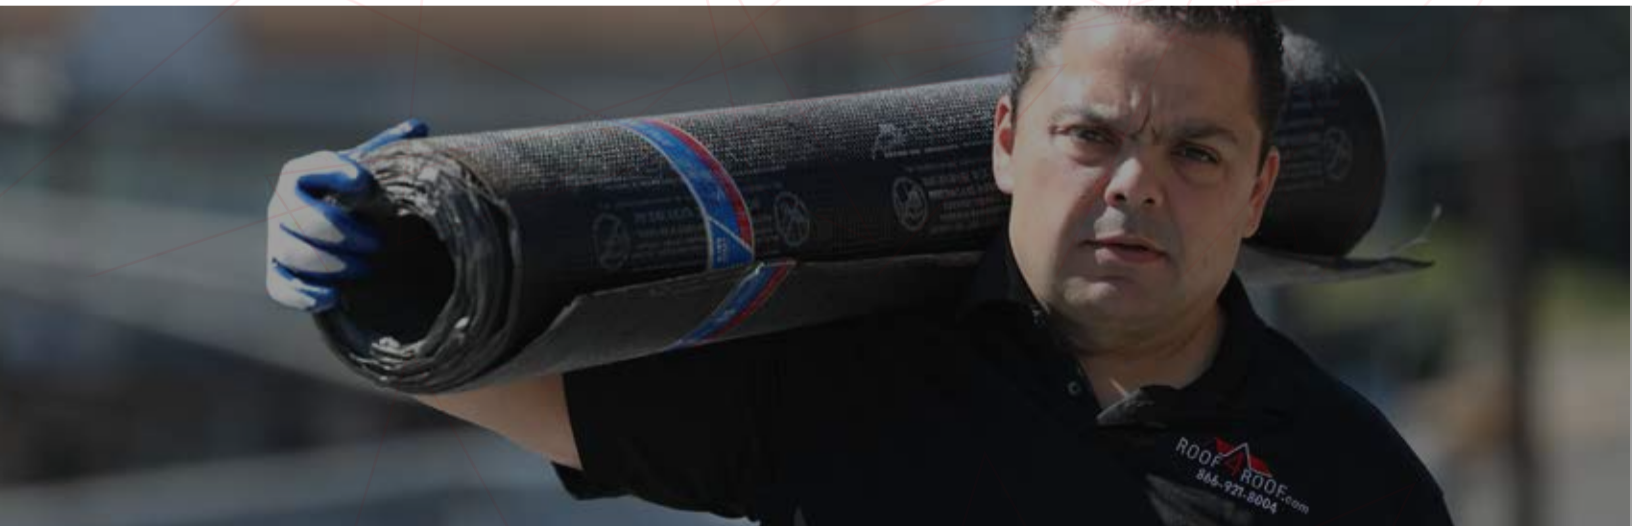

On Saturday, May 9th, ROOF4ROOF, a residential and commercial remodeling contractor based in Carlstadt NJ, will be giving away **10,000 masks** in an effort to help our community 'Stop the Spread' of Covid-19. We will begin distributing some of these masks to local businesses and municipalities May 6-8.

Since NJ and NY are the areas impacted most by the virus, we decided that giving away reusable, washable masks was the best way we could help our families and community keep the spread minimized. We realize that we still have months of uncertainty and sacrifices ahead, but we will remain safe, vigilant and Jersey Strong.

Over the last 10 years, Roof4Roof and its founder, Chuck Anania, has provided free roofing, emergency home repairs and other assistance to over 1000 families, in New Jersey and overseas. As Chuck often says, "We all need to make a living but we also want to make a difference."

For further information or questions, please contact **Chuck Anania** directly at **973-262-0467** and **chuck@roof4roof.com**
