Hull's Environmental Services offers a wide range of industrial vacuum services including the collection, transportation and disposal of both hazardous non-hazardous waste, oils, sludges and saltwater. We own and operate 130 bbl vacuum trucks, industrial vacuum loaders, vacuum excavators, vacuum tankers, bladders and numerous other types of vacuum and transport equipment. Our trucks and equipment are rigorously inspected and serviced to comply with both state and federal department of transportation regulations.

All our drivers are continually trained, CDL licensed and most with hazmat certifications to ensure the safety of all our employees and clients.

Vacuum truck services include:

- Clarifier/sump cleaning and maintenance
- Car and truck wash clarifier/ sump cleaning
- Storage tank steam cleaning and decontamination
- Underground storage tank removal and pit dewatering
- Underground storage tank cleaning
- Portable storage tank cleaning and disposal
- Construction dewatering for non-potable water
- Hazardous material spill clean-up and emergency spill response
- Pumping of food grade sludge
- Separator sludge
- Wastewater management
- Oil-Water Separators
