

MSI JOINS RES FORUM'S TECHNICAL PARTNER PROGRAM

June 30th 2020 – **MSI Global Talent Solutions** is delighted to be part of **RES Forum's** Technical Partner program. RES Forum is the world's pre-eminent global mobility member organization serving the relocation industry.

As part of the Technical Partner program, MSI has helped develop RES Forum's Policy Analytics and Risk modules that allow companies to compare (on an anonymous basis) their risk and assignment policies against all other companies. Currently over 100 organizations have input data. For those companies who have already input responses, they will have the ability to change these, model scenarios and see the impact on overall weight and cost of these changes relative to others.

MSI's Global Relocation division is a leading provider of relocation and Global Mobility Transformation® solutions to organizations worldwide. MSI has a diverse portfolio of services designed to help companies effectively and strategically meet their mobilization needs.

David Enser (The RES Forum) said, "We are delighted to continue our relationship with Timm Runnion and his team at MSI Global Talent Solutions. The quality and service that MSI delivers to corporate clients and transferees is outstanding and that's why we are delighted to have them as one of our Technical Partners.

Timm Runnion, MSI Chairman said, "We too are delighted to build on the outstanding relationship we have with RES Forum and are delighted to collaborate on these excellent tools, providing genuine value to our clients and the broader relocation community." **Kim Raymond**, MSI's SVP Global Talent Strategy added: "RES Forum's values and culture of collaboration, research and shared learning will continue to resonate well with our clients."
