The list represents a unique look at the most successful companies within the American economy’s most dynamic segment—its independent small businesses.

“I am so proud of the Trideum team and the efforts we’ve made over the last 15 years to grow the business while doing important work for our country,” said Van Sullivan, Trideum president and chief executive officer. “I’ve had the profound privilege to be surrounded by experienced professionals who make a difference for our customers every day. Their determination and professionalism are why Trideum continues to be on this list.”
