WHY US?

At Trembly Law, we start with why. It isn't about us, it's about our bigger mission – why do we get up every day and bust our tails for our clients. It's because we believe that with a thriving small business economy, everyone is better off. That's why our mission is "Protecting the Economy, One Business at a Time."

OUR SERVICES

Franchise/Business Law

We have the knowledge and experience to guide you through the process of starting your own franchised business. It can be very difficult to get everything going because of how difficult sorting out each and every individual detail can be. Instead of doing it alone, feel free to take advantage of everything that our organization has to offer.

Litigation

We have built an impressive litigation portfolio, including conducting trials in both Florida State Courts and the U.S. Federal Court for the Southern District of Florida. We are admitted to practice in the middle district of Florida and 11th Circuit Court of Appeals.

General Counsel

Our unique program allows businesses to have General Counsel, at a fraction of the cost of full-time, in-house counsel. We become the legal member of your business development team.
