

# TitanFile

**Blazing Fast. Super Secure. Easy as Pie.**

**TitanFile is the easiest and most secure way for legal professionals to share files and collaborate with clients and colleagues.**

We understand that as a legal professional, you need a secure and compliant way to exchange confidential files and messages.

You want a single solution that's robust enough to handle all your law firm's use cases. Something that can support all file types and sizes. Something you can use every day because it's blazing fast and as easy to use as email. Something that can provide you with unparalleled security, control, and auditability. Something that will give you and your clients **peace of mind**.

## TitanFile is that winning solution.

Loved by users and approved by IT — TitanFile helps law firms of all sizes and practices areas of law maintain the privacy, security, and compliance around the confidential information they share.

**Let TitanFile help you do the same!**

## How TitanFile Helps You

- ✓ Send secure emails and large files
- ✓ Remove limits on attachment sizes
- ✓ Receive file access notifications and obtain email delivery reports
- ✓ Securely host your data in the USA, Canada, or Europe
- ✓ Improve compliance with HIPAA, PIPEDA, and GDPR
- ✓ Access files from anywhere, anytime on your devices
- ✓ Safely receive and store sensitive information from clients

*"We really gauge the success of a product by three main things: reliability, usage and feedback from users. TitanFile has passed all of these metrics with flying colors, and we have been very happy with the solution."*

**- Kevin Larson, IT Director at Gowling WLG Canada LLP**
