Las Vegas, NV, August 26, 2020 – Cantor's Driving School announces that it is now offering online scheduling for driving lessons. It is available 24/7 and very easy to use. This new online system is convenient and intuitive, making it ideal for customers to work with Cantor's Driving School. The online scheduling system is accessed via the [Driver Training Packages](#) page on the website. Customers can still call Cantor's Driving School's customer service representatives if they want to talk with a person by dialing 702-985-7993.

New customers can create an account, select a single lesson or a package of multiple driving lessons, make payment with a credit card, and then select the driving instructor and time slots they want. The graphic user interface shows the available time slots for all driving trainers for users to select from. Once an account is created, users can go back in and schedule additional lessons or reschedule a lesson at any time; it's not limited to office hours.

In response to the increased demand for driving lessons after businesses began re-opening after the shutdowns for coronavirus, Cantor's Driving School has hired a new driving instructor and put a new driver training car into service.

Cantor's Driving School is fully licensed, bonded and insured, employing former police officers as driving instructors. All their instructors are Nevada state certified driving and trained in teaching driving skills that help students pass their driver's test and instill good driving habits for life.
