### **Swiss Post Solutions honored with a Silver Stevie® Award for Employer of the Year**

New York, NY - Swiss Post Solutions (SPS), a leading outsourcing provider for business process solutions and innovative services in document management, has announced that their North American division has been named the winner of a Silver Stevie® Award in the category of Employer of the Year – Business & Professional Services as part of the fifth annual Stevie Awards for Great Employers.

The Stevie Awards for Great Employers recognize the world's best employers and the human resources professionals, teams, achievements and HR-related products and suppliers who help to create and drive great places to work. Nicknamed the Stevies for the Greek word meaning "crowned," the awards will be conferred upon the winners during a virtual awards ceremony on November 5.

More than 700 nominations from organizations of all sizes were submitted this year for consideration in a wide range of HR-related categories, including Achievement in Workplace Safety & Compliance, Employer of the Year, Chief Human Resources Officer of the Year, Human Resources Team of the Year, Employee Relations Solution Provider of the Year among others. Over 90 professionals worldwide participated in the judging process to select this year's Stevie Award winners.

In the Employer of the Year category for Business & Professional Services, SPS North America was recognized for employee programs launched or enhanced in 2019 and 2020, many of which have helped strengthen the organization during the recent crisis. These programs include the rollout of additional online training programs, which allow employees to continue their development while working remotely; introduction of new employee communications tools to foster a sense of connectivity; expanded benefits offerings and Corporate Social Responsibility programs such as the company's nationwide Annual Day of Giving, which raised donations for a national children's health non-profit. SPS' employees have responded positively to these programs: In the annual employee survey, employee satisfaction increased in 49 categories, including more than 35 categories where satisfaction was already rated high.

Dan Moscatiello, Chief Executive Officer of SPS North America, stated, "As a proven world-class provider of outsourcing services, SPS places a strong emphasis on the development and professional enrichment of our employees, as they are a critical part of our ongoing success in delivering service excellence to our clients. We thank the Stevie Awards for this recognition of our commitment to our employees."

"In the fifth edition of the Stevie Awards for Great Employers, the judges were impressed by the Stevie winners who - during the crises we've confronted this year - continue to dedicate each day to making the lives of their employees and teams better through training, software, work-from-home plans, and more. We are pleased to celebrate them in 2020 and look forward to what they will accomplish in 2021," said Maggie Gallagher, president of the Stevie Awards.
