Habitat for Humanity House Looks Bright Through Milgard Windows

Tacoma, Wash. (Sept 15, 2020) – Milgard Windows & Doors team members devoted their time and labored alongside the future homeowner of a Tyler Court home in support of Tacoma/Pierce County Washington Habitat for Humanity build day.

This Habitat for Humanity house, featuring energy efficient Milgard® Style Line® Series vinyl windows, received some special work and attention from three dedicated Milgard team members as they hammered, caulked and cleaned up the space.

“It was a smaller group than usual, due to COVID safety protocols, but we were so honored to work side by side with the future homeowner family as they completed their sweat-equity time,” said Tim Large, Pricing Manager at Milgard Windows & Doors.

“The Milgard team is one we can count on faithfully year after year,” said Tracey Sorenson, Director of Community Engagement. “They always bring a positive attitude and work hard no matter what random tasks we have for them.”

This was the 8th year in a row that Milgard employees participated in a Habitat for Humanity Build Day, one of their favorite charitable activities of the year.

“It was wonderful to have the opportunity to volunteer with Tacoma/Pierce County Habitat for Humanity as part of the Milgard team. It's gratifying to see we are able to help out families in need of housing, especially during such a challenging time,” said Melody Zhang, VP of Human Resources at Milgard Windows & Doors. “All each of us can do is little, but together, it is significant. We are so proud to see Milgard windows in these homes that help bring functionality and beauty into the homeowners' lives.”
