A NEW WAY TO MANAGE YOUR TRIAL.

Free yourself from EDC with a
Site-Friendly eSOURCE Solution

REMOTE PORTAL ACCESS

Online access allows monitors and research staff to collaborate more effectively during the study.

SECURE STORAGE

All records are securely stored with a thorough data security/backup plan.

COMPLIANCE

We have you covered with data privacy compliance (GDPR and HIPAA), as well as Part 11 Compliance for computer systems.

DATA INTEGRITY

Complete audit trails and data controls prevent human errors during data collection while improving data quality.

BUILT-IN QUERY SYSTEM

Monitors can easily review, track, and query records within the monitor portal, accelerating the monitoring process.

REALTIME

DecenTrial

LESS TRAVEL FOR SPONSORS AND CROS.

Secure access to the remote monitor portal can dramatically cut down travel costs for Sponsors and CROs.

INCREASED TRIAL AND PATIENT SAFETY OVERSIGHT

Real-time data capture allows quicker and more confident decision-making.

WE BUILD YOUR eSOURCE

Our trained eSOURCE specialists will create and maintain your electronic documents to ensure accurate data collection.

WIN-WIN SOLUTION FOR SITES AND SPONSORS

By satisfying the end-user (Study Coordinators and Investigators), our system increases site adoption while providing Sponsors the data they need.

REDUCE TRIAL TIMELINES

Accelerate your trial by eliminating EDC transcription to drive timely data reporting.

FACILITATES RISK-BASED MONITORING

Mitigate risk and maximize monitoring resources by increasing trial visibility.
