

*"A dream you dream alone is only a dream.
A dream you dream together is reality."*

— John Lennon

Dear DAWG Nation Supporter,

From humble beginnings, and the mere "passing of the hat" to honor a fallen teammate, has grown something beyond our wildest dreams. Dawg Nation Hockey Foundation was formed by a few dedicated individuals and a dream to help others. However, our incredible growth could only have been accomplished with the helping hands and big hearts of literally thousands.

Great things occur when community comes together and is focused on a common goal. This is how the world is changed. Today you can be one of those who truly makes a difference by joining us as we work together to build the world's first multi-sheet ice arena, custom designed for both the disabled and able-bodied athlete.

Although ambitious, we know that with your support this unique and powerful goal can be achieved. With many key partners already in place we are well on our way to making this dream a reality.

Every dream begins with those who first believe.

Join us by becoming a member of the "Founders Wall" as we change the world together!

Sincerely,

Dawg Nation Hockey Foundation

Martin Richardson
CEO & President

A MEMBER
OF THE
FOUNDERS
WALL**

FOUNDERS WALL

The Founders Wall is dedicated to those who first believed... those supporters who joined us from the beginning of this incredible journey. At the heart of the Founders Wall is #21 – the jersey worn by our own Jack Kelly, who was much more than just a teammate. The loss of our beloved #21 was a blow to us all, but became

the inspiration for Dawg Nation Hockey Foundation. Please join us today and be part of the legacy of building hockey's heart. Your belief in this life changing project will forever be enshrined on the Founders Wall.

Thank you for helping us change the world!
