

## Arbela Technologies Named One of the 2020 Best Places to Work in Orange County

Irvine, California, USA – October 28, 2020

Arbela Technologies (Arbela) was recently named as one of the **2020 Best Places to Work in Orange County**. The awards program was created in 2009 and is a project of the *Orange County Business Journal* and Best Companies Group.

Organizations from across the county participated in a two-part process to determine rankings. Administered by Best Companies Group, companies were first evaluated on workplace policies, practices, and demographics. Then, an employee survey was conducted to rate the employee experience and company culture.

"We are thrilled to be recognized as one of the 'best places to work' by our employees," said Nima Bakhtiary, Arbela CEO. "Special thanks to our team and how we have responded to our clients in these trying times. Our team stands out and it shows in the ongoing successes we have had in assisting our clients in their digital transformation journeys. Having been voted a "best place to work" multiple times is a testament to the ongoing commitment by our amazing team that I am honored to lead."

During the pandemic, with employees working remotely, Arbela has put in place mechanisms for regular check-ins to help the team adapt and ensure they have the resources they need.

### About the 2020 Best Places to Work in Orange County

This county-wide survey and awards program was designed to identify, recognize, and honor the best places of employment in Orange County, California, benefiting the county's economy, its workforce, and businesses.

To be considered for participation, employers had to fulfill the following eligibility requirements:

- Have at least 15 employees working in Orange County
- Be a for-profit or not-for-profit business or government entity
- Be a publicly or privately held business
- Have a facility in Orange County
- Must be in business a minimum of 1 year

Organizations from across the county entered the two-part process to determine the ***Best Places to Work in Orange County***. The first part consisted of evaluating each employer's workplace policies, practices, and demographics. This part of the process was worth approximately 25% of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75% of the total evaluation. The combined scores determined the top organizations and the final ranking. Best Companies Group managed the overall registration and survey process in Orange County and analyzed the data and used their expertise to determine the final ranking.

The ranking of the winning organizations will be released via a special section of the *Orange County Business Journal's* October 26<sup>th</sup> issue.
