

## Kelley DeConciliis

**Chief Operating Officer, Special Aerospace Security Services Inc. (SASSI)**

Ms. DeConciliis serves as Chief Operating Officer at Special Aerospace Security Services Inc. (SASSI), a Woman Owned Small Business (WOSB) in Chantilly, VA focused on delivering national security mission solutions to the U.S. Government.

DeConciliis brings over 15 years as a trusted advisor on counter-bioterrorism, expeditionary medicine, health IT, emergency preparedness and disaster response experience within international and government sectors. Prior to SASSI, she served as Vice President of International Operations at Caliburn International providing expeditionary medical services to Department of State in Baghdad, Basrah, Iraq and Kabul, Afghanistan. DeConciliis managed the second largest supply chain for PEPFAR (President's Emergency Plan for AIDS Relief) at USAID to over 16 countries throughout Africa. DeConciliis provided medical services to the world's largest health care system under Defense Health Agency (DHA) that comprised of 60 Military Treatment Facilities (MTFs) around the globe, Forward Operating Bases (FOBs), detention centers, as well as the White House Medical Unit.

She also worked for Microsoft Corporation under Bill Gates' Research and Development Sector. After 9/11, she served as Inter-Agency Liaison at Washington Hospital Center in Washington, DC on the "Federal ER One Project," a national prototype for the next generation "all risks ready" emergency department working with Department of Homeland Security- Biodefense. Her background experience also includes counter-bioterrorism training and simulation for clinicians and first responders during Mass Casualty Incidents (MCI). DeConciliis holds a Neuro-psychology degree from The Catholic University of America.
