

Also Organics Celebrates Holiday Season with Special Discount on Best-Selling CBD Starter Pack

Nashville-based CBD brand providing relief for the holidays by offering 45 percent discount on popular starter product bundle

NOVEMBER 24, 2020 – [Also Organics](#), maker of alternative personal wellness products, is celebrating the holidays with a seasonal promotion for its popular and already-discounted CBD Starter Pack. From now until December 25, 2020, gift givers or those seeking organic and holistic alternatives to help relieve effects of anxiety and calm uneasy nerves during the holiday season and beyond can save 45 percent off the purchase price of the brand's [CBD Starter Pack](#) by using promo code HOLIDAY25. Orders placed by Wednesday, December 16, are guaranteed to arrive before Christmas.

“The holidays are often a stressful time for many, and with this year’s happenings bringing extra feelings of uncertainty and anxiety, our team wants to make natural options readily available for those seeking relief,” said Matthew ‘Chewy’ Smith, founder of Also Organics. “Whether using alternative products yourself or purchasing as a gift for loved ones, we hope our CBD products can help create a sense of calmness and wellbeing after a chaotic and unsettling year.”

Also Organics’ CBD Starter Pack makes it easy for those new to CBD and veteran users alike to try and enjoy a few best-selling products from the brand at a highly discounted price. The bundle includes:

- [1000 mg CBD Tincture](#): full-spectrum, whole-plant CBD tincture that delivers a calm sense of wellbeing. Specially formulated with organic MCT oil and phyto-rich hemp oil, one 33 mg dose helps relieve anxiety and stress, and promotes focus and healthy sleep cycles.
- [500 mg Skin Balm](#): provides powerful therapeutic agents like organic beeswax, CBD oil and eucalyptus oil to quickly soothe and protect dry and sensitive skin. The unique formula delivers unparalleled absorption and zero toxins that is safe for lips, face, hands, and the whole body.
- [10 mg CBD Gummies](#): mixed fruit CBD gummies are great for creating a calm sense of wellbeing, relieving anxiety and stress, and improving overall body function. A daily 10 mg organic hemp gummy infused with vitamins can help relieve the effects of ADD, ADHD & ASD.

Naturally occurring cannabinoids, like CBD and CBG (cannabigerol), work with the built-in endocannabinoid system (ECS) of humans to help regulate both central nervous and immune systems. The entire Also Organics portfolio, which includes tinctures, gummies, gel caps, balms, salves and lotions, is non-psychoactive and made with US-grown hemp and organic ingredients. Additionally, the products are vegan, kosher-certified, non-GMO and free of gluten, dyes, paraben and fragrances.

Also Organics is committed to educating its customers on the complex qualities and potential therapeutic benefits of the hemp plant by offering [publicly available insights and helpful facts](#) featured on its website and social media properties. More information and the Also Organics product line is available online and in select medical clinics, wellness boutiques and retailers.
