Press Release

FOR RELEASE 2/3/2021 1500GMT

Air Bear Tactical Aircraft appointed DA62 MPP Distributor by Diamond Aircraft Industries GmbH

Santa Ana, CA, February 03, 2021, 1500 GMT: Air Bear Tactical Aircraft LLC (“Air Bear”) and Diamond Aircraft Industries GmbH (“Diamond”) jointly announce award of DA62 MPP distributor status to Air Bear. Air Bear, based in Santa Ana, CA will be promoting sales and mission integration of the DA62 MPP aircraft to Airborne Law Enforcement (“ALE”) surveillance clients in the United States.

Air Bear has established itself as one of the preeminent prime contractors offering custom ISR and special mission aircraft since 2014. John Nielsen, Air Bear’s Director of Law Enforcement Operations states: “The DA62 MPP is a great addition to our suite of mission ready aircraft platforms. It fills a niche between low performance piston aircraft and high-cost turbine platforms, with capabilities uniquely suited for the ALE community.” Nielsen continues: “The DA62 MPP combines speed, range and payload to address the needs of ALE along with being custom designed to support the mission. Add its attractive acquisition price along with its extremely low JET-A fuel consumption and the community now has an outstanding performer at affordable prices.”

Successfully supplying ISR and special mission aircraft since 2014, Air Bear counts among its clients the California Highway Patrol, Florida Highway Patrol, Orange County (CA) Sheriff, SB County Sheriff, and Riverside PD amongst its many customers. Gary Bushouse, Director of Business Development at Air Bear states, “Air Bear has strived to provide the best capable, cost effective, mission ready solutions to ALE and the DA62 MPP, certified for US operations, provides an unrivaled mix of affordability and mission capability.”

Mario Spiegel, Sales Manager Diamond Special Mission Aircraft at Diamond Aircraft Industries GmbH states “We are excited that we finally have found a distributor that is that well connected within the US ALE market, as Air Bear. The DA62 MPP offers everything you would expect of a state-of-the-art surveillance aircraft, such as most modern avionics, efficient and quiet Jet fuel engines, superior and easy handling and a roomy cabin “.

To learn more about the capabilities of the DA62 MPP in surveillance operations, please visit www.airbear.aero or contact Air Bear at bearsintheair@airbear.aero, corporate #: 855-699-5489.

About Air Bear Tactical Aircraft

Air Bear Tactical Aircraft, LLC provides complete, mission ready airborne law enforcement solutions, custom designed for specific agency mission requirements. With a staff of experienced airborne law enforcement and expert aircraft acquisition personnel, Air Bear has the capability to deliver solutions which meet and exceed your needs. About Diamond Aircraft Industries GmbH

Diamond Aircraft, headquartered in Austria with facilities in Canada and China, is amongst the leading aircraft manufacturer in General Aviation. Founded in 1981, Diamond has pioneered many aviation firsts and achieved numerous milestones and industry expert accolades.

Today, Diamond Aircraft has more than 1,000 employees worldwide and offers the most complete range of certified piston aircraft models: from the 2 seat single DA20 to the stunning 7 seat DA62. With its complete line of piston aircraft including a dedicated flight training concept with Single Engine Piston (DA40 NG) and Multi Engine Piston (DA42-VI) trainers, along with type-specific flight training simulators and proprietary engines, Diamond Aircraft is the only sole source provider in the fleet training market. Diamond Aircraft also made a footprint in the special mission market with the remote sensing turnkey solutions DA42 MPP and DA62 MPP and the soon to be certified aerobatic turboprop tandem trainer series DART.

Over 5,000 Diamond airplanes are flown by private pilots, professional flight training operators and institutions worldwide
