### **About The Grant Cardone Foundation**

The Grant Cardone Foundation is a 501 (c)(3) non-profit corporation organized and operated exclusively for charitable purposes, including providing mentoring and financial literacy education for young adults in underserved and at-risk populations, especially those who have lost their father. Cardone's own father passed away when he was 10 years old, so he understood the struggles firsthand of growing up in a household without a father figure. Cardone created the foundation to help young adults, who may need life and career guidance just as he did, to launch into life and unlock their potential.
