DIGITAL
# HEALTH PASSPORT for

LIVE EVENTS

→ → → → → → →

RETURN TO LIVE EVENTS

Fern Health Check is a complete consumer-controlled health data portal that allows attendee sharing of health data

While still offering testing solutions the roll out of COVID-19 vaccines has created an increased demand for the **DIGITAL HEALTH PASSPORT** feature inside our platform.

HERE'S HOW IT WORKS

"...we all need to get back to meeting safely and responsibly so this is a great move in that direction!"
–Director of Meetings

[**Fern Health Check**
Gives your event participants an increased level of safety and comfort as they return to face-to-face experiences]

KEY BENEFITS

- HIPAA compliant platform that can share testing and vaccines credentials via Digital Health Passport
- Allows for verification and certification of health records
- Confidential & Encrypted QR Codes
- Dashboard reporting for event organizers that can be grouped by stakeholder segments, such as event staff, attendees and exhibitors
- API Integration with industry registration and mobile app solutions

TESTING OR VACCINE COMPLETED → **SUBMISSION OF RESULTS TO PLATFORM** → **VERIFICATION** → **QR CODE GENERATED**

fern health✔

We're known for our exceptional customer service. No question is too small, no need is too great.
