PEOPLESOFT ON OCI: CLOUDSHIFT

BUSINESS RUNS BETTER IN THE CLOUD

Our PeopleSoft CloudShift solution delivers a complete migration of your current PeopleSoft applications to Oracle Cloud Infrastructure (OCI), plus everything you need to keep it up and running. With cloud-based infrastructure, you'll never pay for more than you need at the moment or struggle because you don't have enough.

Best of all, this solution is powered by SpearMC's seasoned PeopleSoft and Oracle veterans, who listen to you and guide you through the easiest, lowest-risk process in the industry.

PEOPLESOFT CLOUDSHIFT INCLUDES:

- Needs Analysis, Strategic Planning, Sizing and Pricing
- Lift-and-Shift Services and Hosting
- Conversion from Microsoft SQL Server to Oracle Database
- PeopleSoft Cloud Manager Configuration
- PUM Updates and PeopleTools Patching
