## **Tri-City Vinyl Introduces Above Ground Pool Liners**

**Saginaw, MICHIGAN** – Tri-City Vinyl is pleased to announce the expansion of their pool liner solutions with the introduction of above-ground pool liner options. For over 40 years, Tri-City Vinyl has been providing high-quality pool liners for a wide variety of in-ground pool installations, and is excited to bring that same quality to their new above-ground liner products.

“Above-ground pools have grown in popularity as people continue to find value and invest in products and experiences that they can enjoy with friends and family,” said Mark Irwin, Tri-City Vinyl General Manager. “As this market grows, we knew it was important to offer consumers the same high-quality liner solutions that in-ground pool owners have enjoyed for over four decades.”

Tri-City Vinyl above-ground pool liners are manufactured from 20 mil PVC film in a variety of standard oval and round dimensions, and are available in a blue apalite pattern or solid blue color.

This new line is a testament to Tri-City Vinyl’s commitment to providing high-quality solutions that meet a variety of consumer needs. To learn more about Tri-City Vinyl’s in-ground and above-ground pool liners, contact the Tri-City Vinyl Sales Team at 800-334-9949 or by email at [info@tricityvinyl.com](mailto:info@tricityvinyl.com).

### **About Tri-City Vinyl**

Since 1976, Tri-City Vinyl, Inc. has been manufacturing pool and pond liners, pool covers (flat sheet and beaded), water tubes, and pillows as well as cistern liners. Over the years, Tri-City Vinyl, a division of Plastatech® Engineering, Ltd., has earned a reputation of excellence for fast turnaround time, a wide variety of designer patterns, precise craftsmanship, and competitive pricing.
