Your Accounts Payable (AP) Process Is Costing You Money

Did you know that many property management companies typically spend up to 40% of their time managing vendors and AP? With VendorAlly, your team can trade the hours of rummaging through mail, processing invoices, insurance, and updating vendor contacts to focus on helping streamline the accounting cycle.

VendorAlly helps your business gain visibility of the AP lifecycle to improve your accounting accuracy. Staff members diverted from laborious activities can become devoted to contributing to clean board packets and happy, well informed boards.

Submit Invoices Online Instantly in Just a Few Clicks

Our VendorAlly solution offers an invoice management interface for a paperless process. Vendors can easily create new invoices and submit them to **TOPS [ONE]** with attachments. Our goal is to make interactions between Vendors and Property Managers frictionless.

VendorAlly allows vendors to create an invoice in just a few clicks and enroll to receive digital payments. This enhances your control over the AP turnaround time and incentivizes vendors to use the portal and get paid faster. This puts the power in your hands by allowing you to review, accept or reject comments related to invoices without checking your voicemail, searching through physical mail or your crowded email box.

Quickly and Easily Manage Vendor Profiles in Real-Time

Updating your vendors' insurance and contact information has never been so easy. Vendors have access to maintain their profile information in real-time. Your work order process will never be held up waiting for vendor documents before essential work may begin.

Vendors can quickly update insurance policies, phone numbers, email addresses, and mailing addresses right in the **TOPS [ONE]** system to ensure you are always using the most up-to-date information.

Alleviate Time, Energy, Effort, and Money Spent

Other solutions require a high dollar subscription, with maintenance and configuration costs. VendorAlly is offered **AT NO CHARGE** to all **TOPS [ONE]** users. VendorAlly, offers your organization a single source to interact with all the important contacts in your business and reduces the number of systems needed to manage day-to-day activities.

Our VendorAlly solution is a full end-to-end AP Management solution. Your team and vendors will appreciate eliminating the hassle from phone tag, keying in bills, email conversations, and opening mail.

Award-winning support at your fingertips.

In addition to the amazing features of [ONE], TOPS offers our clients the industry's smartest and most helpful customer service:

- Industry-exclusive Customer Success Team staffed with PCAMs.
- A Quality Assurance team made up of CAM professionals.
- A dedicated, expert in-house Support Team.
- A standalone Implementation Team.

Other companies sell property management software.

We invented it.

Since 1985, more CAM professionals have used TOPS Software than all other industry software companies combined. If you are looking for a technology partner that's dedicated to your success, then **TOPS is the clear choice.**
