Thunderbird LLC moves into new Oak Brook, Illinois, headquarters as growth accelerates

OAK BROOK, ILLINOIS, APRIL 26, 2021—Thunderbird LLC is excited to announce the grand opening of its new headquarters in Oak Brook, Illinois, on April 26, 2021. The completely customized, newly built out, 8,000-square-foot space is now home to the leadership team overseeing acquisitions and active management of the Thunderbird family of American manufacturing companies.

“This move reflects the evolution of Thunderbird and our portfolio of companies,” says Kevin Prunsky, Chairman of the Board and Founder of Thunderbird. “Having a dedicated office space for our leaders is part of our grand vision for Thunderbird and allows us to more collaboratively focus on the growth of our companies. It’s here where we’ll take our next big steps on the path to even greater accomplishments in the months and years to come.”

Phil Kretekos, President of Thunderbird, envisions improved management of the company’s family of manufacturers.

“We now have a space for leadership that better serves the growth we’re experiencing and streamlines the active management of our multiple operations across the country,” he says. “A new headquarters signifies a new phase in our expansion. I am excited about what lies ahead.”

Conveniently located near both Chicago airports as well as interstates 88, 294 and 355, the Thunderbird headquarters is easy for team members and partners to access. It is at 900 Commerce Drive, Suite 150, in Oak Brook.

Thunderbird owns and operates Metal Impact, a leader in the production of aluminum and steel impact extrusions and gas cylinders; Impact Molding, specialists in custom plastic injection molding; Kruis Mold & Engineering, a designer and builder of high-quality, close-tolerance prototype and production injection molds; and Next Promotions, a provider of quality company branding on promotional products for sales and marketing.

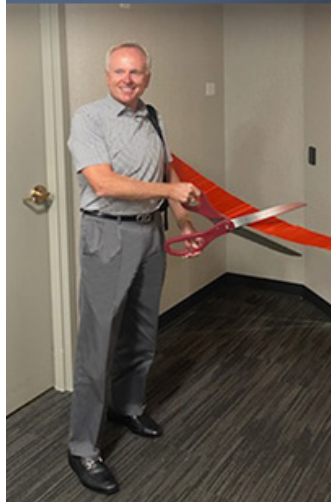

ABOUT THUNDERBIRD LLC

Thunderbird is a hands-on team of professional leaders dedicated to building sustained business growth for American manufacturing companies. As part of its active management process, Thunderbird elevates companies through continuous improvement and capital investments.
