

## Introducing OneView's Newest Time-Saving Solution

### Need-to-Know Information On-Demand for Need-to-Know Staff

#### Better Communications for Better Business

Have you ever been caught on the road without the right documents? With Digital Library from Pedigree Technologies, there's no need to worry.

The Digital Library add-on solution in OneView allows companies to easily store and manage the digital distribution of documents, images, and other files relevant to their daily operations, while conveniently making important files available to drivers in-cab.

#### Featured Benefits

- Ability to Assign Documents Based on Driver, Vehicle, Trailer, Carrier, and Region
- Easily Upload and Assign Files Through OneView
- Never Be Without Important Documents: Permits, Licenses, Cab Cards, Medical Cards, Driver Policy, Collision Instructions, or Any Other Crucial Roadside Inspection Documentation
