Kokomo Solutions COVID19Tracker™ Now Available Through DLT Solutions

Partnership enables the federal government and education institutions to more efficiently manage and track health and safety incidences

CHICAGO~~hicago~~, IL**L., — (May** ~~XX~~**12, 2021)** – Kokomo Solutions, Inc.,~~Kokomo Solutions, Inc.,~~ the leading provider of simple, agentless orchestration and configuration management tools to education institutions and public sector organizations, today announced it has signed an agreement with DLT Solutions, a wholly owned subsidiary of Tech Data and a premier government technology solutions aggregator~~a new partnership with leading government IT value-added reseller (VAR) DLT Solutions~~. ~~This is Kokomo Solutions, Inc.'s first government reselling partnership. Leveraging key strategic relationships, including ADP, Tempus, RMS Omega and Amazon Web Services,~~ DLT ~~Solutions provides software and services across the technology landscape, and~~ will enable Kokomo Solutions~~, Inc.~~ to deliver ~~Covid-19~~ health and safety automation seamlessly to the federal government and education institutions~~customers~~.

"This partnership is~~'s~~ significant at this critical time~~so,~~ when returning safely to school and work is a~~t the~~ top priority for federal agencies and education organizations~~of everyone's mind, couldn't have happened at a more critical time~~," said Daniel Lee, chief executive officer, Kokomo Solutions, Inc.~~.~~ "Our~~Kokomo24/7's~~ immediate availability of Kokomo's~~our~~ widely successful COVID-19 management solution, COVID19Tracker™, is helping~~has helped~~ these organizations~~public sector and education institutions~~ to handle the pandemic and on-going health and safety incidents more efficiently and effectively. We look forward to working with DLT's proven leadership, network, and public sector acumen as we ~~collectively~~ continue our public health and safety initiatives."~~",~~ ~~Daniel Lee, CEO of Kokomo Solutions, Inc.~~

Kokomo Solutions, Inc.'s scalable, simplicity, secure design reduces resource overhead, and nearly eliminates latency associated archaic practices of using excel sheets for managing and tracking Covid-19 related incidences. COVID19Tracker™'s robust self-screening, temperature screening, guest management, case management, vaccination management, check-in, and contact tracing features make it the perfect fit for education institutions and government customers who need a system that can asynchronously increase situational awareness of Covid-19 related incidences and notifying administrators in real time via cloud configurations. Kokomo Solutions, Inc.'s Safety Cloud™ extends the power of Kokomo Solutions, Inc. by providing control (centralized dashboard), security (role-based access control and audit trails) and delegation (parents self-assessing their children via the COVID19Tracker™ App.).

~~******Insert DLT Quote******~~

"Government agencies and education organizations across the United States are now ~~working on and~~ implementing plans for employees and students to safely ~~come back~~return to offices and schools," said Chris Wilkinson, president, DLT Solutions, a Tech Data company. "Through DLT's ~~contract vehicle portfolio and~~ channel ecosystem~~partner network~~ and contract vehicle portfolio SEWP V and GSA contracts, these organizations are now able to access a health and safety tool that enables daily self-assessment, case management and contract tracing~~through the contract vehicles they prefer and the partners they trust~~."

~~Kokomo Solutions, Inc.'s COVID19Tracker™ solution will be available on DLT Solutions' SEWP V and GSA contracts, and~~ Kokomo Solutions, Inc. will use DLT's contracts ~~Solutions' considerable~~

to ease the procurement process for large and small federal agencies and education institutions.
