

TRANSEARCH

YOUR WORLD PARTNER IN EXECUTIVE SEARCH

Founded in 1982

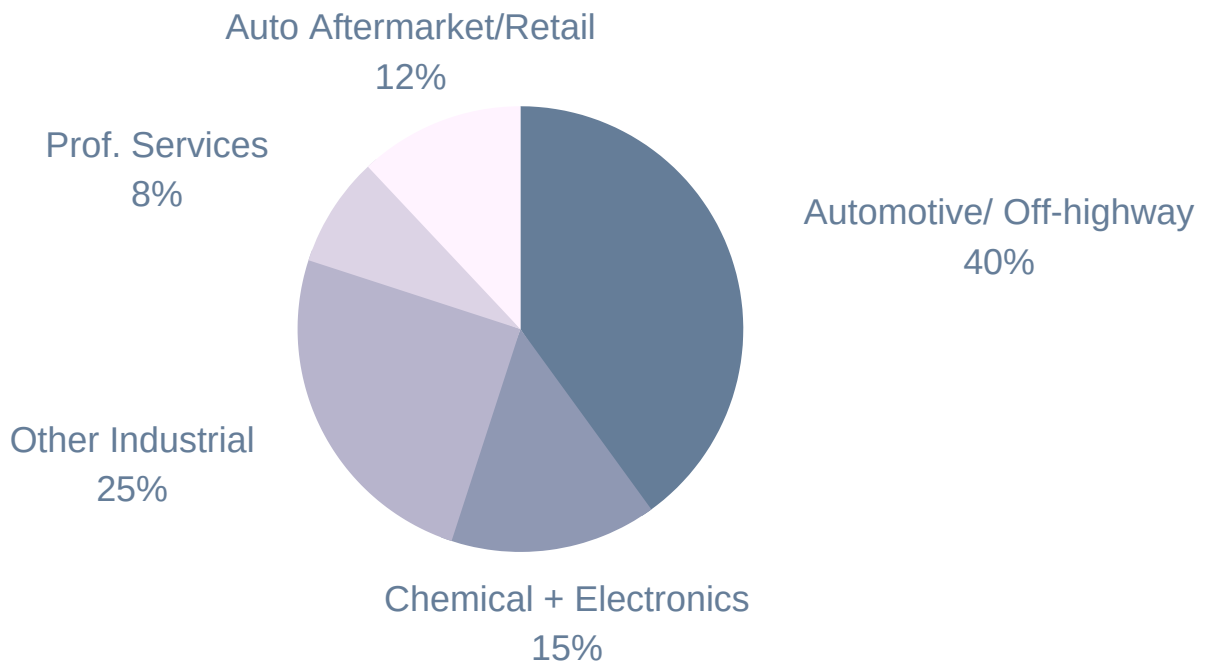

Offices in almost 50 countries

Proprietary assessment tools

Founded in Detroit as Tier One Executive Search in 2002, the firm became the automotive and industrial office for TRANSEARCH, International in a 2021 acquisition. With offices in almost 50 countries, we can now offer our client companies complete global coverage. We can also measure and evaluate best cultural fit in a way that no other search firm can with our proprietary Orxestra method.

Our service is distinguished by the quality and attention that is paid to each step of the search and hiring process. We are proud to have developed a time-tested and proven system that includes in-depth needs analysis, extensive research, thorough interviews and assessment for competency and team fit, and finalizing offers. This, combined with our robust experience working with transportation, aerospace, defense, energy, chemicals, electronics and manufacturing industries makes us the single solution for your hiring needs.
