

THE EPA REGISTERED DISINFECTANT & CLEANER WITH NO HARMFUL CHEMICALS

OUR MISSION

To create a healthier, safer world by taking the worry and toxins out of cleaning.

OUR INNOVATION

Force of Nature miniaturizes an industrial technology called electrolyzed water where electricity converts tap water, plus a capsule of salt, water and vinegar, into two new ingredients:

1

HYPOCHLOROUS ACID

The disinfecting ingredient & the same substance the immune system produces to fight infection. Also used in wound healing & eye care products.

2

SODIUM HYDROXIDE

A detergent used in toothpaste, moisturizers & cleaners. Gentle concentration requiring no gloves.

GENTLE TO HUMANS & OUR PLANET

NO HARMFUL CHEMICALS

Rinse-free
No allergens or irritants

100% EARTH-FRIENDLY

Green Seal certified
Re-usable bottles
Recyclable capsules

MULTI-PURPOSE CLEANING & DEODORIZING

Cleans virtually any surface
Bleach-strength

EPA-approved for use against SARS, CoV-2, the cause of Covid-19

Disinfectant & Sanitizer as effective as bleach.
Kills 99.9% of germs including:

Pseudomonas
Salmonella
Staph
Norovirus
Listeria
MRSA

Influenza A virus

EPA registration # 93040-1

one system replaces

disinfectants, sanitizers,
deodorizers, glass and multi-purpose cleaners

USE ON VIRTUALLY ANY SURFACE

Glass	Grout
Sealed stone	Aluminum
Wood	Chrome
Porcelain	Whiteboards
Stainless steel	Vinyl
Plastic	Tile
Rubber
