## **Mingle Mask Fact Sheet**

### **First-to-Market Invisible Mask**

The ideal transitional mask for consumers who still want protection but don't require a medical-grade mask. The mask covers the face and nose, making it easier to breathe and talk, without sacrificing safety. The transparent plastic barrier stops the wearer from spreading droplets to other people. Smiles are always visible and you can easily see people's facial expressions and emotions.

### **Product Features**

Mingle Mask solves the most common face-mask problems, including:

- Affordable
- Ergonomically designed
- Lightweight
- One-size-fits-all
- Easy to carry around
- Durable
- Extremely comfortable and secure to wear all day long
- Supportive ear hook holders designed for long-term wear
- Innovative chin guard comfortably rests against the face
- Stops eyeglasses from fogging up
- Keeps material away from the face
- Prevents lipstick, lip balm and lip gloss smudging
- Keeps the face cooler

### **Eco-Friendly**

- Food and Drug Administration (FDA) approved reusable and 100% recyclable materials
- Easy to clean and sanitize in-between uses

### **Audiences and Uses**

**Consumers:**

- Gradually adjusting to pre-pandemic life
- Looking to reduce health concerns from pollution, flu exposure or new COVID variants and strains
