

Virtual Office

Hosted White Label Solutions for VoIP Service Providers

Enable your Business Customers to Assemble their own Custom Solution in the Cloud

With Telinta's Virtual Office solution, you can easily enable your business customers to assemble their own feature-rich hosted telecom solutions via our customizable web portals. Your customers can choose from a variety of highly cost-effective self-service functions like selecting DIDs from your DID provider, adding extensions, setting up voice mail, configuring their own auto-attendant, personalizing IVR, call forwarding – all without needing an IP phone.

TeliCore™ is our robust carrier-grade platform, integrating Telinta's cutting-edge VoIP solutions with world-class Switching and Billing capabilities. With Telinta's highly-customizable white label solutions, you and your resellers can offer a full range of services in addition to Virtual Office, all under your own brand.
