### **Superior Recreational Products Awards WB Ennis Memorial Park with Excellence in Recreation**

CARROLLTON, GA – Superior Recreational Products awards WB Ennis Memorial Park in Red Oak, N.C. as an Excellence in Recreation site for intentionally and thoughtfully designing their community park.

Our SRP Certified Partner, Next Level Recreation of the Carolinas, worked with the city of Red Oak to create a community park that addresses intergenerational play, inclusiveness, and safety. The community sought to create an outdoor recreational space for their community as well as neighboring communities without recreational amenities.

“The playground benefits a large age group and provides amenities for multiple levels of ability,” Town Administrator, Clerk, and CFO Tracy Shearin said.

This park incorporates a recycled play structure, shaded swings, inclusive orbit, zip line, musical instruments, and adult fitness equipment.

“Families have multiple amenities within the park to choose from when visiting the park. It’s rewarding to see families walking, working out, and playing together in Ennis Park and taking pride in the park,” Shearin said.

Aligning their playground to these best practices and creating a high quality outdoor recreation environment allows WB Ennis Memorial Park to become a positive gathering place for community members of all ages.
