***Green Industry Pros* Magazine Announces 2021 Editor's Choice Award Winners**

Fort Atkinson, WI (August 6, 2021) – *Green Industry Pros*, the nationally recognized magazine serving landscape professionals, announced the **2021 *Green Industry Pros* Editor's Choice Award** winners, comprised of the top 30 landscaping products that have made the biggest impact on the industry over the past year.

Winners were chosen by *Green Industry Pros'* editorial team based on several different factors, including innovation, dependability, as well as audience engagement (most clicks, page views, inquiries) on GreenIndustryPros.com. These impressive new products earned their place on the list by attracting the attention of our team of editors, readers, end-users and landscape industry professionals.

“The products recognized by the annual Editor's Choice awards represent what contractors are seeking most to boost profitability on their landscaping job sites,” asserts Ryan Whisner, *Green Industry Pros* editor. “This year's products were able to capture the attention of *Green Industry Pros'* audience and *GreenIndustryPros.com* site visitors, demonstrating that contractors see them as highly capable of improving performance, efficiency and productivity, and deserve to be on their trailer.”

Green Industry Pros, produced by AC Business Media, congratulates the following companies and products identified as **2021 Editor's Choice Award** winners. Additional information on the winning products can be found in the July/August issue of *Green Industry Pros* and online at GreenIndustryPros.com.
