## ***WAFUNIF, the Official United Nations Alumni Association, Embraces Charitable Blockchain Technology Through its Partnership with Proto Gold DAO***

*(Positive impact on Non-Governmental, Non-Profits and Communities  
of the 193-Member Countries of the United Nations)*

**NEW YORK, N.Y. (August 7, 2021) – The creation of blockchain applications that support  
charitable endeavors across the United Nations’ 193 member countries will result from a  
global partnership announced today.**

The World Association of Former United Nations Internes and Fellows (WAFUNIF) announced it has partnered with Proto Gold DAO, a global community-based blockchain technology provider. They will mutually support WAFUNIF’s “Let’s Change the World Together” charitable endeavors initiative as partners.

Proto Gold DAO has committed to donating a full 1 percent of each PROTO transaction to charitable endeavors. (See <https://vaults.proto.gold> for the current amount collected.) The flexibility of the Proto Gold technology will also allow philanthropic organizations and individuals around the world to enjoy full transparency in all philanthropic activities. It will enable public votes for the allocation of individual donations to specific charitable projects.

WAFUNIF will aggregate the needs of the United Nations Non-Governmental Organizations (NGOs) and other non-profits and assist in the efficient distribution of the funds collected from Proto Gold DAO member donations. Accruing funds will be stored as BUSD (the Binance stablecoin) into two Gnosis Multisignature safes for added security and released for donations every three months.

WAFUNIF and Proto Gold DAO will form an oversight committee that will use LAW, the fuel of Proto Gold’s governance, to quickly and transparently vote on the blockchain to approve proposed charity projects. (see [www.dao.proto.gold](http://www.dao.proto.gold)). Together the WAFUNIF and Proto Gold communities will take videos of in-person donation presentations and post the videos online to demonstrate the full integrity of the process.

NGOs and non-profits worldwide are encouraged to register their charitable project for consideration as a beneficiary of the program through WAFUNIF’s enrollment contact form: [https://www.wafunif.org/Charity\\_Enrollment](https://www.wafunif.org/Charity_Enrollment).
