

The future of online enrollment just got even better.

Get to Know MedicareValue!

Stay ahead of
the curve...

Learn more by visiting CareValue.com/MedicareValue

CareValue is proud to offer our proprietary technology for online enrollment in Medicare Advantage (MA), Medicare Supplement, Prescription Drug Plan (PDP), Vision, and Dental (coming soon!) at no cost to you. With markets shifting to more telephonic and electronic enrollments each year, it is important to stay ahead of the curve.

Marketing Website

MedicareValue provides agents with a personalized shopping, quoting, and enrollment platform. Every agent receives a SEAL (Secure Enrollment Application Link), that they can use in their marketing efforts from their business cards to social media.

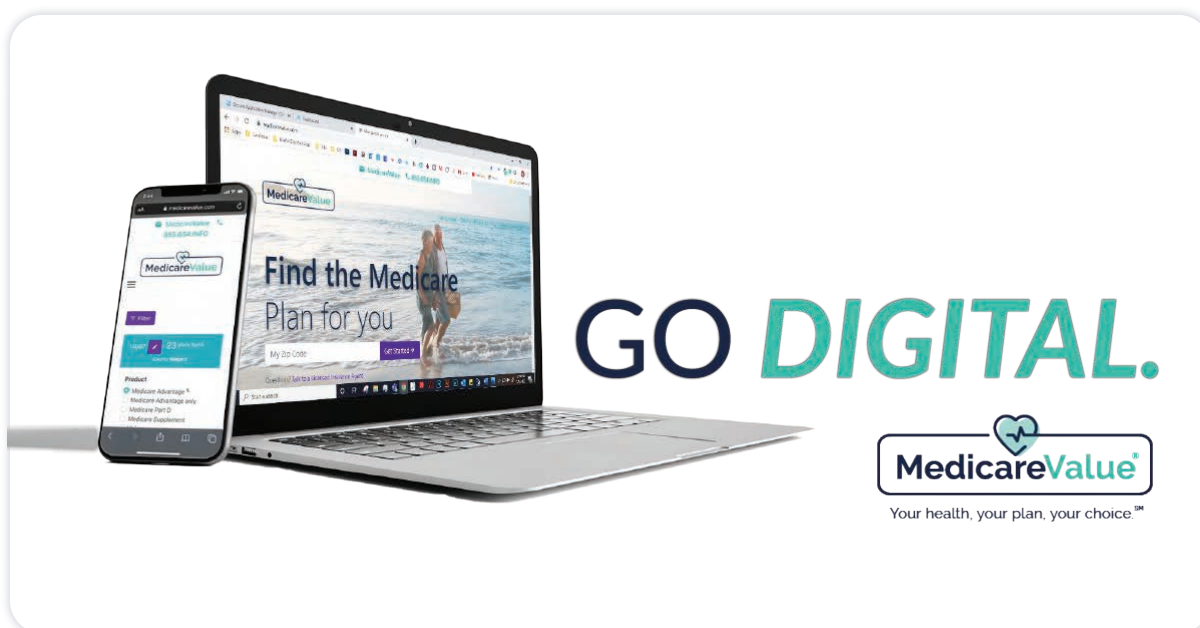

Enroll Clients Directly Online

Service your clients to find the plan that most suits them year-over-year via face-to-face, over the phone, email, or via text messaging. MedicareValue can also support self-service enrollments.

Omni-Channel Approach

Access customizable marketing collateral from our e-Store, Shop.CareValue.com or leverage content from our consumer blog, Time.MedicareValue.com.

GO DIGITAL.

MedicareValue
Your health, your plan, your choice.™

NEW!

MedicareValue 360°

The consumer-facing platform, MedicareValue, now has an agent-facing backend, MedicareValue360 (MV360).

CRM - Fully Integrated

Organize your leads, engage with clients, and track enrollment statuses.

Medicare.gov Blue Button

MedicareValue is proud to be an approved vendor of Medicare.gov's Blue Button 2.0 API. This allows you to downline your client's drug data from their Medicare.gov account in real-time – saving time and improving efficiency.

Compare & Quote Plans

Quote and compare plans based on member estimated usage. MV360 does the work for you so there is no need to review multiple formularies and calculate costs manually.
