

ECO SOLUTIONS FOR THE FRESH CUT INDUSTRY

OMRI LISTED * MADE IN THE USA * USDA BIOBASED

eatFresh-FC

avoFresh™
Like you Cut It a Minute Ago

We call it "Avocado Insurance."

avoFresh™

New! From Grow Green Industries, **THE organic solution to always-green, cut avocados is here!** avoFresh™ is designed to keep guacamole, avocado toast, avo mash and other avocado dishes looking and tasting fresh for up to 7 days.

One packet of avoFresh™ will preserve up to 3 fresh avocados. Simply blend into the mashed fruit or mix into an 8-oz bottle of water and mist onto cut slices to enjoy an entire week of gorgeous green.

Made with Vitamin C and Calcium Carbonate, avoFresh™ is OMRI-certified for organic use, and is naturally vegan, gluten-free and salt-free.

avoFresh™ is perfect for a variety of cooking and baking applications, including:

- Guacamole
- Avocado Toast
- Avocado Mash

Best practices for using avoFresh™:

1. Clean surface of avocado with eatCleaner Triple Action Fruit + Veggie Wash or Wipes. Scoop out the flesh of 3 small, ripe avocados (about 1 1/4 C flesh) into a bowl.
2. Add one packet of avoFresh™ to the avocado and mix together thoroughly, making sure product is well incorporated into mashed avocado.
3. Enjoy or store in a small, air-tight container, minimizing the head-space. Mixture will store up to 7 days as long as air in the container is limited.

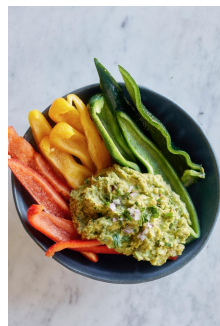

Our innovative, patented products are **lab proven, OMRI listed, USDA biobased and made in the USA**, invented and manufactured by a certified woman-owned business. We can help you with a variety of commodity produce items, dips, sauces and prepared foods.

Let us become your innovation partner and help you create value-added solutions!
