

www.Music4Hope.com

Mission: We bring hope through healing sounds of music into the lives of families going through life threatening disease. Working with other non-profits and community groups to help make a real difference.

Inspiration: Co-founded by Stew & Lisa Kohnberg in 2009 to serve hospital patients, families, and caregivers. Our variety of live music events and programs has expanded over the years to meet those in need where ever they are through music and by providing for daily needs. Our **"Ambassadors of Hope"** Jordan Smith and Kaelyn Sanders were diagnosed with a childhood Leukemia called A.L.L (Acute Lymphocytic Leukemia) and inspire Health awareness and fundraising efforts around the country. We are so thankful to have held a celebration party for both Jordan and Kaelyn during our annual outdoor festival with so many sharing in the joy and significance of the day. Many thanks go out to all the volunteers, board advisors, and supporters who have allowed us to touch so many lives around the world through our album donation program and cards of encouragement.

What's needed to sustain and grow?

- Volunteers, Donors, Sponsors (Individuals & Companies)
- Board member nominations & event committee members for 2018-2020
- Connecting with families and other organizations across the USA

Vision for events:

- Studio single recording "Song for The Troops" with visits to Military bases and USO Centers globally
- Music4Hope Health Awareness Tours and continuing our monthly Hospital visits of encouragement
- House concerts and volunteer events to include additional cities interested in starting a chapter

Mission trips:

- 2017 World Tour to deliver music therapy and identify families to follow through treatment and support
- Follow-up with orphanages in Kenya, South Africa. Many children and adults have been given basic dental care since 2011 and need continued care. Updates about future events and ways to stay connected are available on our web site www.music4hope.com and social media

Community Partnerships: Atlanta Children's Hospital (Ryan Seacrest Music Room Grand Opening); St. Jude Research Hospital Music Rooms ; NFL Players Association visit to the Ronald McDonald House of NC; USO-Supporting our Armed Forces Families; YOUR FAMILY OR COMPANY as our new 2018 PARTNER >>Thank you for all the support year round!<<
