YOUR SOURCE FOR SAFETY PRODUCTS

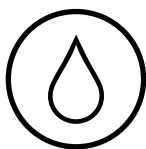

We've taken a new approach to hydration:

DRINKABLE PPE®

We believe that hydration is just like any other PPE:
Use it to help keep you safe and productive on the job.

Sword Performance's Drinkable PPE® offers a complete hydration solution for every role in any environment.

CLEAN AND CLEAR

No dyes, nothing artificial.

If an ingredient doesn't work with the body to hydrate you better and faster, we don't use it.

ROOTED IN NATURE

Natural flavors, natural fuel from

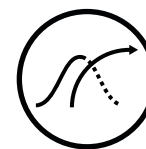

carbohydrates. If you can't find it in nature, you won't find it in our products.

BACKED BY SCIENCE

Developed by Doctors and

grounded in research. Sword Performance products were made in the kitchen, tested in the clinic, and proven in (and on) the field.

BUILT TO PERFORM

Sword Performance products work fast,

work hard, and are easy on you. Hydration that is built to do a job makes it that much easier to do yours.
