

ExceedFurther® Team Fundraising

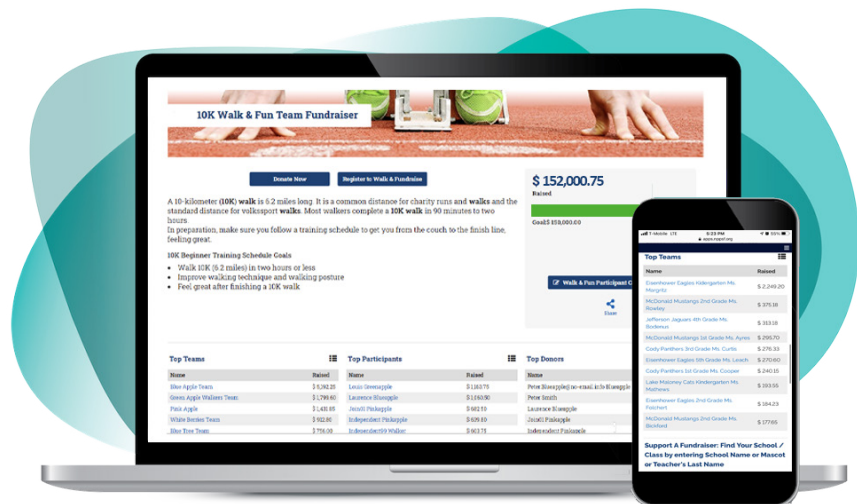

Engage your team captains, team members, and fundraisers to help you drive the success of your fundraising campaigns.

Easily leverage the power of teams to amplify and elevate your organization's fundraising. Engage your passionate supporters as team captains, team members, and fundraisers, and unleash the power of friendly competition to take your event fundraising campaigns further by empowering collaborative fundraising to supercharge results.

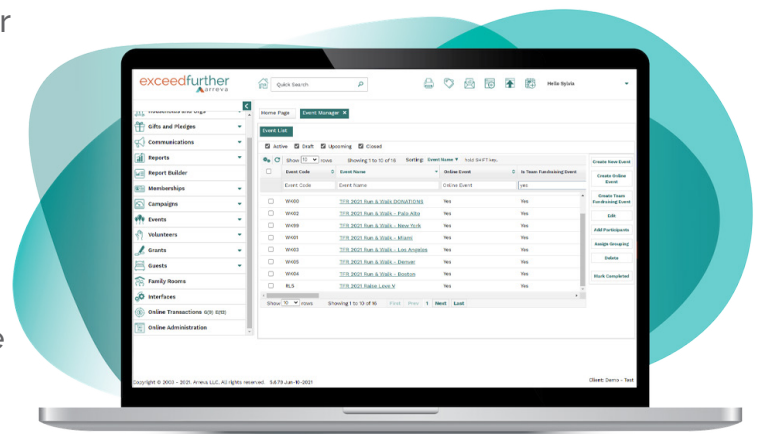

Track Team Results Instantly in Your Donor Database and View Your Top Teams, Top Participants, and Top Donors

View funds raised instantly roll-up to meet the team's goal and the overall goal reflected in the public leader-boards including Top Teams, Top Participants, Top Events, and Top Donors. During setup, the admin user can choose which leader-boards to present. In addition, all transactions show instantly in the ExceedFurther Donor Relationship Management database, ready to be matched for extensive reporting.

Seamless and Easy Setup of Team Fundraisers

Constituents can easily create a secure personal Team Fundraising Web-page, in support of their favorite team or as an independent participant. They register, upload an image for their page, set a goal, include a donation to kick-off their personal fundraiser, and publish. In virtually no time, they have a donation web-page link they can send to other team members as well as donors. The team sets its own goals, and the members of the team work together to meet it. They can also sign into the participant center and make modifications. Team Captains can promote and demote Team Members, adjust team goals, and lots more!

Team Fundraising for Your Organization, Your Cause, Your Fundraising Needs

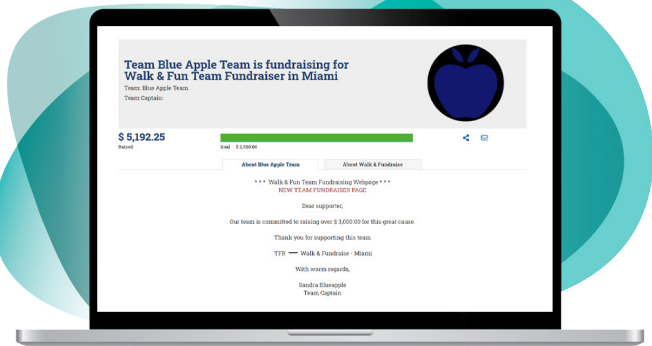

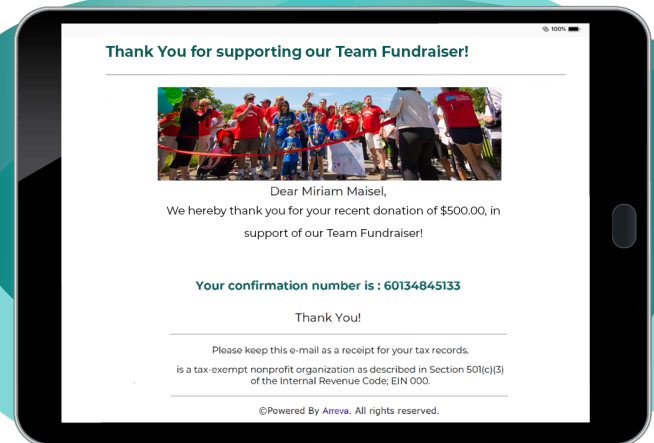

Team fundraising with Arreva is all about your organization, your cause, and your fundraising needs. Unlike crowd fundraising sites, your donors stay on your branded website/micro-site. Your constituents will always know they are supporting your organization, from the web-page URL all the way to the personalized notifications they will automatically receive.

Automated Notification to Donors, Team Captains, and Fundraisers

Donors, team captains and fundraisers receive an immediate confirmation into their personal email inbox automatically. All notifications can be personalized for each Team Fundraising campaign.

- Run unlimited campaigns simultaneously
- Create an unlimited number of team fundraisers for each campaign
- Capture transactions directly in the Donor Relationship Management database
- Visually track fundraisers with progress meters on each web-page
- Share team fundraisers via Facebook or Tell-A-Friend
- Login to your personal fundraising page to view donors and edit images, messages and fundraising goals
- Automate notifications to those raising funds and system administrators when a donation is made
