

PICC GUARD

TAMPER-EVIDENT
CATHETER ACCESS
COVER

FDA Cleared

The FIRST patented medical device to receive FDA 510(k) clearance as a tamper-resistant catheter access cover.

Tamper Evident

PICC Guard covers the end of PICC lines to provide tamper-evidence for high risk patients.

Expedited Shipping

Most orders are shipped within 24 hours. Samples are FREE and available upon request.

OUR SERVICES

PICC Guard offers the first tamper-evident device that adds tamper-resistance to unwarranted access of intravenous lines.

ABOUT US

At PICC Guard, we believe in transforming lives through innovative medical technology.

Our co-founders are seasoned healthcare professionals who emphasize accountability, quality, and improving the communities where we live and work through the life-changing power of breakthrough medical solutions.

Made in the U.S.A.
