

Leading Allies Of... Data Centers & The Cloud: Introducing the Trailblazers Awards

Fundraising for 

Be part of the movement connecting industry allies around the globe

The Trailblazer Awards

At the *Leading Allies Of... Data Centers & The Cloud* Annual Virtual Summit, November 10th we want to recognize those who are making a positive impact for global diversity, equity and inclusion, and sustainable IT. We want to hear from you - who do you know that deserves to be recognized?

“

Embracing diversity is critical to meeting the increasing demands on our space. There are some amazing Trailblazers out there that are doing some amazing work - we want to recognize these people and out their efforts on loudspeaker.

Shannon Hulbert, CEO, Opus Interactive

Does This Sound Like Someone You Know?

"A leader in the cloud and data center industry who has worked to support women in technology and increase Diversity and Inclusion in the industry. Efforts include use of platform to generate awareness, initiatives for making technology workforces a more inclusive environment for people of different genders, races, sexual orientations, cultures, disabilities and backgrounds, and innovative efforts to increase opportunities for others in the space over the past 24 months."

”

AWARD CATEGORIES: Connectivity Trailblazer / Edge Trailblazer / Data Center Trailblazer / Cloud Trailblazer / Industry Ally Trailblazer / Sustainable IT Trailblazer

How To Nominate

Head over to www.LeadingAlliesOf.com and select 'Trailblazer Awards' to make your nominations. Judges will assess candidates on innovation, impact and potential impact to the industry, as well as demonstrations of being a positive role model, attracting (and retaining) a more diverse workforce, and generally making the industry a more inclusive environment.
