CUSITech Grows With The Addition Of Vice President Of Finance, Brent Pastorek

Westerville-Ohio: CUSITech is excited to announce the hire of Brent Pastorek, effective November 15th, 2021.

Brent comes to CUSITech with more than 12 years of experience in accounting and auditing. He's gained valuable experience auditing accounting systems by improving and overseeing financial processes. As the Company continues to grow, Brent's experience will help CUSITech implement a new ERP system, establish, and improve core financial processes and reporting requirements, and participate in strategy and financial planning to direct growth.

Brent is enthusiastic and said, "Leading the financial functions of a young, growing company like CUSITech is a great opportunity". CUSITech CEO, Craig Kalie said "Getting to know Brent has made me excited to see what he can do for our accounting and finance efforts, I'm really looking forward to having him on board."

About CUSITech:

CUSITech provides national onsite implementation services including Low Voltage, Electrical and Hardware Installations on a project/rollout basis. IT departments struggle to execute multi-site technology upgrades and new store rollouts with unreliable service providers and multiple layers of outsourced labor. CUSITech provides a single point of contact to manage the planning, surveying, installation, and implementation with our nationwide skilled W2 technicians, so you can hit go-live dates on time and on budget.
