Recosoft ships ID2Office 2022 - InDesign 2022 to Word, PowerPoint & Keynote

Osaka, Japan, December 14, 2021, Recosoft Corporation the developers of workflow automation tools and creators of PDF and Office document conversion software for the Adobe® Creative Cloud® platform has released ID2Office 2022; the newest version of the InDesign to Word, PowerPoint, and Keynote conversion tool for Adobe InDesign®, 2022 release.

ID2Office 2022 adds support for Adobe InDesign, 2022 release for both macOS and Windows platforms. Additionally, ID2Office 2022 operates natively on Apple Silicon based macOS machines. Finally, ID2Office 2022 includes the capability to export InDesign files to free-flowing Word documents allowing text to flow naturally from one page to another.

"ID2Office 2022 includes a breakthrough technology where free-flowing Word documents is created when exporting InDesign to Word files; a feature which many customers have been asking for the last many years."
Paramjit Chadha, MD, Recosoft Corporation

ID2Office converts InDesign files to Microsoft Word, PowerPoint, and Apple Keynote types; converting the text, associated styles, paragraph structure, related property information, tables, graphics and other objects while matching and maintaining the layout fidelity; enhancing data exchange between InDesign and Office platforms.

Key New Features

- ***Support for InDesign 2022***
  ID2Office 2022 now supports and integrates with InDesign 2021. InDesign CC 2015 through 2021 are supported as well.

- ***Apple Silicon native***
  ID2Office 2022 is a universal binary and operates natively on Apple Silicon based macOS hardware.

- ***Migration to newer Windows technology set***
  The Windows version of ID2Office now uses newer Windows infrastructure.

- ***Export to free-flowing Microsoft Word documents***
  When exporting InDesign files to Microsoft Word type, you can now specify whether a free-flowing Microsoft word document should be created (in-addition to the Text Frame based document type).

- ***Enhanced property recognition***
  Several InDesign data types are now recognized and exported to the target format type.

  ID2Office 2022 is available immediately in the following configurations from the Recosoft web store (per license):
