(Kentucky.– Dec 16, 2021) Cali-Country artist **Dave Herrera** released a new holiday song, "Hell of a Holiday," today, **December 16th**. Dave Herrera was inspired to write Hell of a Holiday after being on LOCK DOWN for the 2020 HOLIDAY SEASON.

This song is all about having the best possible Holiday you can with what you have to work with. Herrera wrote the track with Cory Coppin co-writer and produced the track with co-producer Jeff Balding. "Hell of a Holiday" was recorded at Blackbird Studios Nashville.

The song has become more than just a track for those in the fields. "Hella Country" represents a culture of people. It is a state of mind that people all over the United States embrace of hard work and living in beautiful landscapes.

Herrera explains, *"there are many times when you approach a holiday season and it just does not have that feeling like I used to have when I was a kid, I think it's important to do what I can to have the best holidays while celebrating Old and New traditions creating new memories and remembering all the good old times with family and friends"*

Herrera continues to put his spin on Cali-Country music as he combines pop beats, electric guitars, and the storytelling lyrics of country music with his new music along with previous song releases

Along with his singles, Herrera takes pride in creating music videos that are entertaining for all ages. The music video for "Visiting Nashville" now has 440K+ views and rising.
