

Second Saturday[®] Divorce Workshops

Online | In-Person | Hybrid

Our Mission

Changing what it means to divorce in America.

Second Saturday is here to empower people to make the most educated choices surrounding divorce, whether they are contemplating or going through a divorce.

We are out to create a world where families can thrive, with or without divorce.

Divorce isn't just about the law

It's about Family, Emotions, and Money.

A common misconception is that divorce is all about the law. Through our experience, both personal and professional, we've come to realize that the legal realities of divorce are only a piece of the puzzle.

While attending a Second Saturday Workshop, you'll hear from Divorce Professionals from your community, specializing in the Legal, Financial, and Emotional aspects of divorce. All this with the goal of empowering you to make the best decision for yourself and your family.

What You Will Learn

Pieces of the Divorce Puzzle

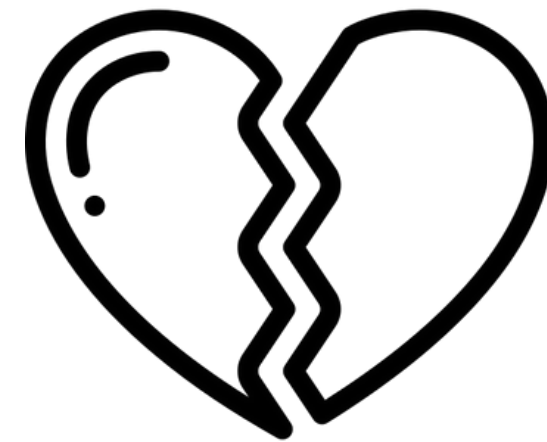

At Second Saturday Workshops, you'll hear non-biased, information from divorce professionals in your community, including attorneys, financial professionals, real estate professionals, and therapists, who will lay out the divorce landscape and answer your questions.

How We Work

In-Person

The Original. The first Second Saturday Workshop was held in person in 1989 and continue to be hosted as face-to-face gatherings across the country.

Hybrid

The best of both worlds. A combination of in-person and online, Second Saturday Workshops meet Attendees needs.

Online

The Present. We're a digitally-based world and Second Saturday's reach has grown through Virtual Workshops.
