

Drive Engagement and Improve Member Health with VBAGateway

powered by **pdhi**

When it comes to population health management, one size definitely does not fit all. With VBA Health Solutions you can select from a menu of options to meet your member engagement, compliance and quality improvement needs. Our partner PDHI is a trusted national leader in developing white-labeled, highly configurable cloud-based solutions for member engagement and incentive management.

PDHI has received Wellness and Health Promotion Certification from the National Committee for Quality Assurance (NCQA) for their Health Appraisal and Self-Management Tools.

Our solutions are easily accessible through the VBAGateway member portal. All components are highly configurable, and data is updated in real time. Programs can be deployed quickly to meet your needs.

Member engagement that delivers results. Contact VBA to get started today.

One Platform, Many Solutions

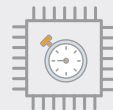

FLEXIBLE AND CUSTOMIZABLE

Choose from four program levels with various custom options available to meet your needs and budget.

DRIVE MEMBER ENGAGEMENT

Add your company's branding and engage users with marketing and social media tools.

INTEGRATED WITH VBAGATEWAY

Bring your program live in as little as three weeks, when integrated with your VBAGateway member portal.

VBA Health Solutions
