

Wellness Programs **that Drive Engagement** with VBAGateway

Wellness programs are an important tool for improving employee health and wellbeing. These programs can also build loyalty and support retention efforts. Provide comprehensive workforce wellness programs with VBA Wellness powered by PDHI.

Our partner PDHI is a trusted national leader in developing white-labeled, highly configurable cloud-based solutions for health and wellness programs.

Our wellness solution is easily accessible through the VBAGateway member portal. All components are highly configurable, and data is updated in real time. Wellness programs can be developed and deployed very quickly to meet your business needs.

Deliver better wellness programs. Contact VBA to get started with VBA Wellness.

Wellness Programs **that Work**

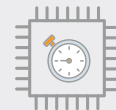

FLEXIBLE AND CUSTOMIZABLE

Choose from three wellness program levels with various custom options available to meet your needs and budget.

INCREASE ENGAGEMENT

Add your company's branding and engage users with marketing and social media tools.

INTEGRATED WITH VBAGATEWAY

Bring your wellness program live in as little as three weeks, when integrated with your VBAGateway member portal.
