

Breakaway Partners is a founder-focused investment company that mentors and funds early-stage and start-up companies that have created products or services that are disruptive in their industry.

OVERVIEW

Breakaway Partners is a provider of seed capital to early-stage companies. Our typical investment ranges from \$25- \$250K. We like to invest in multi-disciplinary, energetic founding teams with domain expertise in their industry. Breakaway makes it a priority to invest in underrepresented company founders.

OUR VALUE

Through active engagement with its portfolio, the team at Breakaway provides value added resources such as operational guidance, capital raising, strategic and exit planning. We actively support our founders find traction in their market entry strategy and product-market fit.

WHAT WE LOOK FOR

We focus on seed stage companies that have a feasible path to raise series A let by a US VC firm in 12-18 months. We prefer to co-invest with other angel groups or early-stage VC funds.
