Our Commitment To You

The Berkley Offshore Mariners Liability Insurance Program was developed by marine professionals who have spent time at sea and understand the unique challenges and risks that vessel operators and crew face every day.

Claims Service | We understand that a shipping casualty can have a devastating impact on the livelihood of a USCG licensed officer. It is our goal to provide insureds with legal assistance and representation in the event of license and suspension hearings. As a 360 Coverage Pros policyholder, you have access to the extensive Berkley Offshore network of admiralty attorneys and receive support from their dedicated claims professionals who will guide you every step of the way during an allegation or lawsuit. Our hotline card provides you with 24/7 access to an admiralty attorney in the event you need legal advisement at the onset of a shipping casualty.

Financial Strength | Berkley Offshore Underwrites on behalf of StarNet Insurance Company and is a member of W. R. Berkley Corporation, whose insurance company subsidiaries are rated A+ (Superior) by A.M. Best Company.

Group Coverage | We also work with brokers, professional associations, unions and maritime organizations or fleets to place coverage on a group basis for clients, members or employees. For group placement opportunities, please email chris_buseman@ajg.com to further discuss tailored programs and preferred rates.
