**Gainesville, Fla. (April 20, 2022)** – CPAmerica, Inc. is pleased to announce the rollout of their new learning management system (LMS) through a partnership with Prolaera. This new partnership will expand and enrich CPAmerica’s current CPE offerings and online learning experience for members starting in early June.

The CPAmerica team underwent a rigorous process to select the LMS provider offering the best platform for their members. The last several months were spent reviewing requests for proposal (RFPs), attending product demonstrations and conducting interviews with members.

“We are excited to support members’ needs for training and CPE with our new LMS,” said CPAmerica president, Grace Horvath. “The post-pandemic workplace has made staff training and development even more challenging, and our partnership with Prolaera will further enhance the essential resources and benefits of membership.”

CPAmerica’s LMS will provide members with access to a robust CPE compliance tracking tool, comprehensive reporting and an extensive catalog of top-rated CPE, all in one centralized location.

“Prolaera’s vision perfectly aligns with CPAmerica’s goals to empower members with a modern learning and development platform that simplifies CPE management at its core,” added Prolaera founder, Evan Hiner. “We see numerous opportunities in our partnership with CPAmerica and their members to enhance their human capital at this time of rapid change in the industry.”

The LMS launch will commence with a complimentary webinar for members on the new platform June 15 at 3pm EST, featuring transformational leader and highly regarded industry speaker, Kimberly Ellison-Taylor, CPA, CGMA, CISA.
