

# Corporate Capability Statement

Collabware provides intelligent enterprise content management (ECM) software both on-prem and cloud-based that improves data security, discovery and records management while enhancing the way people communicate, collaborate, and consume information.

Our solutions ensure regulatory and legal compliance requirements are met, including **FedRAMP High**, Presidential Mandate **M-19-21** and NARA **UERM**. By protecting sensitive data while providing security-trimmed accessibility, we help organizations effectively supervise and manage their information. Our team supports a wide range of customers including public-sector organizations and Fortune 1000 regulated enterprises.
